

SPONSORSHIP PROSPECTUS

ANZMOSS would like to offer you the opportunity to sponsor the Integrated Health Professional Development Course, 17 and 18 May 2024, being held at the ICC, Sydney.

The inaugural March 2023 course held in Melbourne was a huge success.

The goal of the two day course is to provide an ANZMOSS endorsed and approved practical training program that is meaningful within the bariatric surgery field. It will serve as a stand-alone course for practitioners but will also extend to future programs for those involved, or seeking to be involved in a bariatric career pathway.

The course will provide an educational platform for early and established Bariatric Practitioners. The educational materials from this course have been carefully developed by nationally recognised experts in medical, nutritional, and psychological areas sharing their personal insights and the latest evidence. It will be interactive and convert the science into practical and meaningful strategies for person-centred care. It will also recognise attendees come from a variety of practice environments and levels of knowledge; therefore, pre-reading has been designed to cover fundamental topics to support a dynamic and valuable learning environment.

The key audience for the course is integrative health practitioners who:

- *Are new to the field or contemplating working in bariatrics; or*
- *Have experience and are seeking to ensure currency of their current knowledge in bariatric management*
- *Wish to focus on the practical aspects of patient care and co-ordination with other members of a patient's care team.*

The organising committee have worked on an extensive faculty and content for the course.

Expected registrations in the vicinity of 120

Delegate types:

- Medical Practitioners
- Nurses
- Dietitians
- Psychologists
- Students

Why you should be interested?

ANZMOSS is proud to announce the dates for its annual integrated Health course for 2024. Integrated health is at the heart of our bariatric and metabolic programs with more than 50% of ANZMOSS members arising these key professional disciplines. The Integrated health course provides a unique opportunity to access and engage a multidisciplinary group of practitioners through two days of specialised education and development. Your generous support this year allowed ANZMOSS to deliver a successful and well received inaugural program. Your continued involvement will help ANZMOSS provide this vital and high quality professional development opportunity to a valued existing and new Integrated Health members.

Program topics:

- Recommended steps in pre-operative work up for metabolic and bariatric surgery
- Surgery options available in Australia/New Zealand – surgeons' perspective
- Core foundational information covering all disciplines and their role in the surgical journey
- Recommended clinical, hospital, practice resources required
- Acknowledgement of different ways of practicing, multidisciplinary teams, effective therapeutic engagement, and referral pathways
- Practical case studies following examples through the journey: pre-op assessment and post-op care
- Aspects after the surgery to maximise success: complications, aftercare, reproductive health, psychological implications including eating disorders, body image and excess skin; medication adjustments, weight regain, nutritional implications, physical activity and key barriers and challenges in a health system

We are seeking your support for this meeting in the form of a \$3,800 AUD sponsorship package. (\$4,180 including GST)
